Inset A

Rutherford

Polk

Lake Lure

Note:

The Future Land Use Map is an interpretation of the Final Concept Plan, indicating the land use pattern that might be realized as the plan is implemented over time. It is intentionally not parcel-specific. It is provided as a tool to guide decisions regarding future development and redevelopment. Each specific development / redevelopment proposal should be evaluated against it to determine if the proposal is consistent with the general intent of the Comprehensive Plan.

Inset A is an enlargement of our study area to show greater detail.
