LLCA's Mission:

To offer a classical, knowledge-based education that fosters critical thinking, civic responsibilities, and virtue for all.

- **All LLCA graduates will have taken courses in logic, the Fine Arts, and Nature studies, in addition to the State's required courses.**
- **All high school students are also offered the opportunity to take courses from the local community college, Isothermal Community College, which are completely free and will provide both highschool and college credits. These credits are transferable to most private universities and all North Carolina state universities.**
- **LLCA offers many honors courses and readily works with students who have extra motivation to make classes available that challenge and interest them.**

LLCA started the school year on August 12th 2024, and will end the year with graduation on May 23rd 2025.
